MEET VICTORIA

"I believe that wedding couples should take the time to choose the right photographer. You should love the style of their images and feel comfortable with the person behind the camera."

Hi! I am Victoria, four time winner of South West Wedding Photographer of the Year, and I specialise in beautiful and vibrant photography for weddings.

Whilst people change, the images of a special day are captured in time forever. Now and then, time taken with your wedding photos will enable you to revisit special moments and reflect on your memories with a smile.

You will want your professional photographs to continue providing this joy throughout the years, offering a valuable lifelong return on investment.

Moments in time...

Memories Forever

A full-page background image featuring a bride and groom standing in front of a large, multi-story stone building. The building's facade is heavily covered in ivy and climbing plants with autumn-colored leaves in shades of red, orange, and yellow. To the left of the couple, there is a large tree with deep red foliage. The bride is wearing a white, off-the-shoulder wedding dress with a long veil and is holding a bouquet of white and green flowers. The groom is wearing a grey suit and has a boutonniere. They are both smiling at the camera. The scene is set outdoors on a paved area, with more greenery and trees visible in the background.

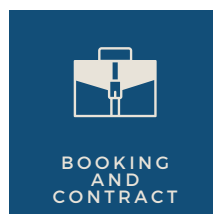

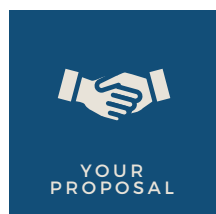

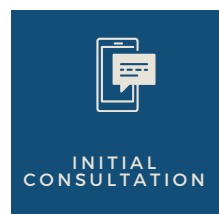

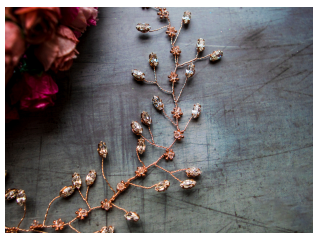

Photographs are one of the few things that leave a lasting impact on the world. They are a gift that is passed down through generations.

My expertise combines with a natural ability to put people at ease, creating a memorable experience with beautiful results.

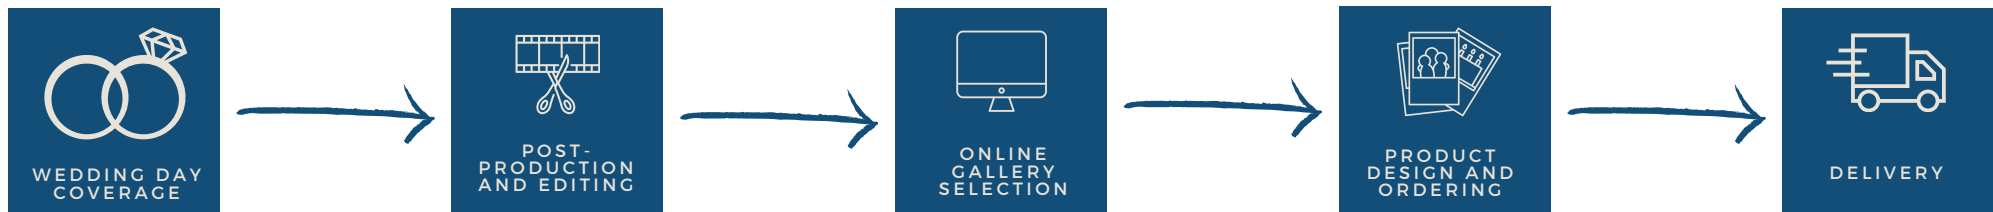

THE PROCESS

From your first call to the final album ordering, my wedding photography process is designed to make your experience seamless and enjoyable. Here is a breakdown of the journey you can expect with me:

- **Initial Consultation:** We'll schedule an initial consultation, either in person or via phone/video call, to discuss your wedding vision, preferences, and specific requirements. This allows us to get to know each other better and ensures that I am the right person to capture your wedding day.
- **Your Proposal:** After our consultation, I will be in touch to confirm our discussion. This will include details about the services I offer, package options, pricing, and any additional enhancements you may wish to consider. I always provide transparent and flexible options to accommodate your wedding plans.
- **Booking and Contract:** Once you're ready to move forward, I'll guide you through the booking process. This involves signing a contract and submitting a deposit to secure your wedding date in my calendar. Please rest assured, your date will be exclusively reserved for you and when you book *me*, you get *me* - I do not sub-contract any of my work.
- **Pre-Wedding Consultation:** As the big day approaches, we'll schedule a pre-wedding consultation to discuss the logistics, timelines, and any specific shots you have in mind. We'll collaborate closely to ensure I understand your preferences.
- **Pre-Wedding Shoot:** To further enhance your experience, I offer the option of a pre-wedding shoot (included in the Luxury and Popular Plus packages). This allows me to create relaxed, candid images of you as a couple before your wedding day. It's an opportunity to become more comfortable in front of the camera, see how I work and build rapport with me. You will receive a signing board to collect guest messages and you can use the images for any wedding literature or table plans.

- **Wedding Day Coverage:** On your wedding day, I'll arrive by the agreed time, ready to capture every precious moment. I will discreetly document the entire day, from getting ready, to the ceremony, reception, and everything in between. I strive to be unobtrusive while capturing genuine emotions and exquisite details.
- **Post-Production and Editing:** Once the wedding is over, my meticulous post-production process begins. I will carefully select and edit the best images, applying my expertise in colour correction, retouching, and enhancing the overall visual impact. My goal is to deliver a stunning gallery that reflects the beauty and emotions of your special day.
- **Online Gallery and Selection:** After the post-production process, I'll provide you with a private online gallery where you can view and select your best images. You can easily share this gallery with family and friends, making it convenient for them to relive the wedding day as well.
- **Product Design and Ordering:** I will assist you in selecting the perfect photographs that tell your unique love story by designing a layout for the items that are either included in your package or selected separately. I offer a range of high-quality products produced by a dedicated professional photography lab with options to suit your style and preferences. Once the design is ready, I'll handle the printing and production, ensuring the end result is a cherished keepsake.
- **Delivery and Preservation:** The final step is the delivery of your products. Your gallery and online store will then be available for 2 years from the date of your wedding.

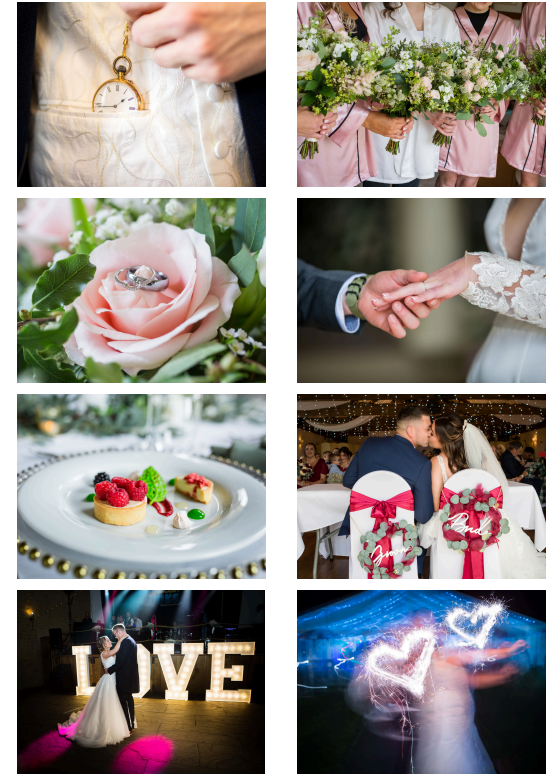

WHAT TO EXPECT ON YOUR WEDDING DAY

On your wedding day, you can expect me to be prompt, organised, and efficient, ensuring that your photography needs are met seamlessly. Here's what you can expect in terms of timing and efficiency:

- **Pre-Wedding Planning:** I will send you a questionnaire one month before your wedding day and work closely with you to create a photography timeline. This will highlight specific moments and events we will capture, ensuring that I am well-prepared and in sync with your schedule.
- **Arrival and Setup:** I will arrive at the designated location on time, ready to start capturing the day's events. I will set up my equipment and make any necessary adjustments to ensure optimal performance.
- **Capturing Getting Ready Moments:** If you opt for this service, I can be present to document the excitement and emotions of your getting ready process. I will work efficiently to capture candid moments, details, and the interactions between you and your loved ones.
- **Ceremony Coverage:** During the ceremony, I will discreetly move around to capture all the significant moments while being unobtrusive. I will capture the exchange of vows, rings, and more, ensuring the essence of your ceremony is beautifully preserved.
- **Family and Group Portraits:** After the ceremony, I will work efficiently to plan and capture family and group portraits. I will provide clear directions to ensure everyone is in the right place and ready for their photos, allowing me to be efficient without sacrificing quality.

- **Couple's Portraits:** I will allocate dedicated time for capturing stunning couple's portraits, allowing you to have a relaxed and enjoyable experience while creating beautiful imagery. I will provide gentle guidance to help bring out your natural chemistry and capture your love authentically. This is normally a 20-minute session after your group photos but may also include other moments later in the day, such as golden hour, sunset and twilight captures.
- **Reception Coverage:** During the reception, I will document the celebrations, speeches, toasts, and special moments. I will capture candid shots of your guests, the first dance, cake cutting, and other memorable highlights.
- **Flexibility and Adaptability:** I understand that unexpected moments and changes may occur during a wedding day. I am adaptable and flexible, ready to adjust my approach as needed to ensure I capture all the important moments and details.
- **Post-Production and Delivery:** After your wedding day, I will move onto the post-production phase. I will always provide a collection of edited preview photographs within 48 hours, then I will carefully select and edit the best images, applying my expertise to enhance their beauty. I will deliver your final gallery within a reasonable timeframe, allowing you to relive your wedding day memories.

Throughout the entire wedding day, I will work with professionalism, ensuring that I capture the essence, emotions, and beauty of each moment. I will be attentive to timing, and efficiency, allowing you to fully enjoy your wedding day while trusting that every precious moment is being beautifully documented.

CONSIDERATIONS

By keeping these considerations in mind, you'll be well-prepared and can fully enjoy the experience of capturing beautiful memories on your wedding day.

BEFORE WE START

Effective communication between us is vital. Please be clear about your expectations, preferences, and any specific shots or moments you want to capture. This means I can tailor your package to exactly what you would like from your wedding photography. That way I won't miss any important events!

EXPECTATION

After the wedding, I will need time to edit and post-process the images to deliver the final product. Please be patient, as this process may take a number of weeks or longer depending on my workload. Please trust that I am working diligently to provide you with the best possible outcome.

UNPLUGGED CEREMONY

Consider having an "unplugged" ceremony where guests are politely requested to refrain from taking photos or using devices during the ceremony. This allows me to capture the moment without obstructions and ensures a more intimate atmosphere. It also means I can photograph your guests' faces - and not their phones!

COPYRIGHT TRANSFER

If you wish to obtain full copyright ownership of your wedding images, it's crucial to discuss this with me before signing any agreements. They may have specific terms or considerations regarding copyright transfer, such as potential limitations on how the images can be used.

COMMUNICATION

BUSINESS HOURS

I operate during regular business hours, Monday to Friday, 9:00 AM to 5:00 PM and also offer evening hours for Zoom calls. Please keep in mind that weekends are prime shooting times for me, so I may be busy capturing weddings on Saturdays and Sundays and therefore the response time during those two days may be longer.

PREFERRED CONTACT METHOD

Please contact me via email where possible. This allows me to keep track of your messages, provide detailed responses, and have a written record of conversations. Upon booking, I will also provide a phone number for urgent or time-sensitive matters.

RESPONSE TIME

I strive to respond to inquiries and messages in a timely manner. I aim to reply within 24 to 48 hours during weekdays. However, sometimes I may require additional time to provide comprehensive responses, especially during busy wedding seasons, so please bear with me.

FREQUENTLY ASKED QUESTIONS

What qualifications do you have?

I am a fully qualified member of The Guild of Wedding Photographers. In order to achieve this, I had to submit a panel of 3 different wedding portfolios to ensure that I met their standards. I am four time winner of South West Wedding Photographer of the Year with the Prestige Awards, been Regional Finalist in the Wedding Industry Awards and twice finalist in the National Customer Service Awards with Guides for Brides.

How do I find out more about you?

I believe it is really important to ensure that you feel confident in trusting me with such an important occasion. The best way to get to know me properly is to either book a no-obligation meeting or Zoom chat to find out more. You are welcome to arrange this at your convenience via my Calendly booking system which you can find on my website.

How do I book?

Once we have spoken and agreed on your chosen package, I will email you with a link to your online invoice, contract and questionnaire. In order to secure your booking, I ask for a 25% deposit with the balance due 6 weeks before your wedding. I offer interest-free payment plans too!

How long will you stay for?

Unless you have booked the Elopement package, my day will start with an agreed time for the bridal prep - usually around 9am - and finish with the first dance at around 8.30pm. I take a small break whilst everyone eats to back-up my memory cards, eat and have a moment to myself.

Should we provide refreshments?

Food is very much appreciated for bookings over 4.5 hours. It saves me leaving the venue to find a meal and means I don't miss any important events, such as the speeches. I avoid taking photos of people eating so, when the guests sit down to their meal, I take a break to refuel, then carry on to make sure I don't miss any important bits!

Are travel expenses included?

I include reasonable travel expenses with all my packages. This means a 60 minute commute from where I live in Somerset. I do find my bookings sometimes take me further afield and I am happy to discuss this on an individual basis for each job.

Do you offer any extras?

While my standard packages provide outlines of what I offer, I take satisfaction in being highly flexible and regularly create bespoke quotes for my clients.

Extras include, but are not limited to:

- Second photographer
- Extra time (booked in advance)
- Extra time (requested on the day)
- Additional photography products include folio boxes, wall art and albums

TESTIMONIALS

Charlotte & Nathan

Victoria is one of a kind. We have been blown away by the photos she has taken and the time, care and energy she has put into every single one. She has taken the time to get to know us as a couple and has been incredible at making us feel comfortable in what can be a very overwhelming time!

All of our guests were wowed by her professionalism and ability to capture the day so perfectly. She is kind, approachable, knowledgeable and so talented.

Faye & TJ

We couldn't have asked for a better photographer. Victoria seamlessly captured every moment. She was so discreet - it was like she was never there, yet she was everywhere. From our first meeting to the late hours of our wedding night, she gave it her all.

She considered every possible element - the best lighting, time of day, setting, positioning (the list is endless), which resulted in pure art work.

Victoria was the best decision we made with our wedding planning and will be the best decision you will make by choosing her as your photographer.

Lucy & Reece

If you want the most perfect, magical and real photos of your wedding day, then Vicky has to be your photographer! If I could give more than 5 stars I would without a second thought! Vicky is an absolute gem in every aspect of her photography. I honestly cannot recommend her enough. The majority of comments from our wedding were at how amazing Vicky was all day.

Vicky's eye to detail is outstanding and our photos are phenomenal - everything we wanted and more. Vicky is a superstar behind the camera and truly listens to your wishes and executes them beyond expectation.

Zoe & Kevin

From the moment we met Victoria we felt at ease and comfortable in her ability to make photos look natural and photograph memories for us to look back on. She went above and beyond to capture the most magical memories we can one day share with our little one and for that we are forever grateful. This included climbing up step ladders to get to a picturesque ledge and posing in the rain - both of which made breathtaking photos.

She is incredibly talented and her enthusiasm clearly shows she loves her work. Victoria, we cannot thank you enough for your hard work on our wedding day! ❤️

Natasha & Michael

We could not thank Victoria enough- she made everything feel seamless on our wedding day, from helping us get ready, to being on hand for minor emergencies to capturing unforgettable memories. She was everywhere and nowhere all at once! Nothing was too big an ask.

Everyone has commented on how fantastic our photographs are and we are SO happy! Would HIGHLY recommend and completely thinking of another occasion I "NEED" some photos for!
