

A romantic wedding photograph of a couple standing on a small white wooden bridge over a pond at night. The bride is wearing a long white gown with a long, flowing lace-trimmed veil that is blowing in the wind. The groom is in a dark suit. They are holding a clear umbrella. In the background, a large, ornate building with many lit windows is reflected in the water. Bare trees are silhouetted against the dark sky.

Welcome!

Inside this brochure, you'll find everything you need to know about how I capture your wedding day, turning your love story into timeless memories you'll treasure for years to come.

My approach is relaxed and unobtrusive. I won't turn your wedding into a photoshoot; instead, I quietly document the real moments as they happen - from big emotions to the little glances in between.

You'll discover how I work, what to expect, and how I tailor every wedding to suit you. Whether you're planning an intimate elopement or a big celebration, my focus is always the same: creating natural, storytelling images that bring your day back to life.

MEET VICTORIA

Moments in time...

"I believe that wedding couples should take the time to choose the right photographer. You should love the style of their images and feel comfortable with the person behind the camera."

Hi, I'm Victoria. I am a five-time winner of South West Wedding Photographer of the Year, and named one of MSN's 'Most Inspiring Photographers'. I specialise in creating beautiful, vibrant wedding photography.

While life moves on, your wedding photographs remain, capturing those moments exactly as they felt. Taking time to look back through your images allows you to relive the emotion, the laughter, and the memories, again and again.

Your photographs should continue to bring you joy for years to come. This is an investment not just in images, but in memories you'll treasure for a lifetime.

Memories Forever

Photographs are one of the few things that leave a lasting impact on the world. They are a gift that is passed down through generations.

My expertise combines with a natural ability to put people at ease, creating a memorable experience with beautiful results.

YOUR WEDDING PHOTOGRAPHY JOURNEY

From your first enquiry to your final album, I make the entire process simple, relaxed, and enjoyable.

Initial Consultation

We'll chat in person or via phone/video to discuss your wedding, your vision, and what matters most to you. It's also a great chance to see if we're the right fit.

Your Proposal

Following our chat, I'll send a personalised proposal with clear package options, pricing, and any optional extras - all flexible to suit your plans.

Booking

To secure your date, a signed contract and deposit are required. Your wedding is exclusively reserved for you. I never outsource my work.

Pre-Wedding Planning

Closer to your day, we'll go through timings, logistics, and any must-have moments to ensure everything runs smoothly.

Pre-Wedding Shoot *(included in selected packages)*

A relaxed shoot to help you feel comfortable in front of the camera, get to know how I work, and create beautiful images for things like signing boards or wedding stationery.

Your Wedding Day

I'll be there to capture your day naturally and unobtrusively - from the excitement of getting ready through to the celebrations - focusing on real moments and genuine emotion.

Editing & Gallery

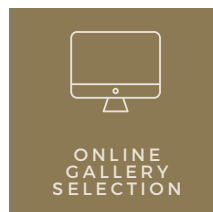

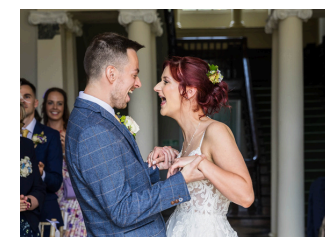

After your wedding, I carefully select and edit your images to create a stunning final collection. You'll receive a private online gallery to view, download, and share with loved ones.

Albums & Products

I'll help design your album or chosen products, creating something that tells your story beautifully. Everything is produced using high-quality professional labs.

Delivery

Your online gallery will be available for one year from your wedding date, with the option to extend access for a small yearly fee. Any finished products will be delivered with care for you to treasure for years to come.

WHAT TO EXPECT ON YOUR WEDDING DAY

You can expect me to be punctual, organised, and efficient, ensuring your photography experience is seamless and stress-free.

Pre-Wedding Planning: About a month before your wedding, I'll send a short questionnaire and work with you to create a detailed photography timeline—so everything runs smoothly on the day.

Arrival & Setup: I'll arrive on time, ready to capture the atmosphere. My equipment will be set up and tested to ensure everything runs perfectly.

Getting Ready: If you've chosen this coverage, I'll document the excitement and small, meaningful details of your preparations - capturing candid moments with loved ones.

Ceremony: I'll discreetly capture every key moment - the vows, the rings, and the emotions - while remaining unobtrusive and respectful of your ceremony.

Family & Group Portraits: After the ceremony, I'll organise and direct group photos efficiently, keeping things relaxed while ensuring every important person is included.

Couple's Portraits: We'll set aside around 20 minutes for natural, romantic portraits right after group photos, and I may also capture you later in golden hour or twilight for extra magic.

Reception: The speeches, toasts, first dance, cake cutting, and candid moments that all capture the spirit of your evening and the joy of your celebration.

Flexibility: Weddings don't always go exactly to plan, and that's okay. I adapt easily so that no special moment is missed.

Post-Production: Within 48 hours, you'll receive a preview gallery of edited images. Your full, beautifully edited collection will follow soon after, ready for you to relive the day.

Throughout your wedding, I'll work with professionalism and care so you can enjoy every moment knowing your memories are being expertly preserved.

FREQUENTLY ASKED QUESTIONS

What qualifications do you have?

I am a fully qualified member of The Guild of Wedding Photographers. In order to achieve this, I had to submit a panel of three different wedding portfolios to ensure that I met their standards. I am a five-time winner of South West Wedding Photographer of the Year with the Prestige Awards, have been a regional finalist in The Wedding Industry Awards twice, a two-time finalist in the National Customer Service Awards with Guides for Brides, and was named one of MSN's 'Most Inspiring Photographers to Watch'.

How do I find out more about you?

I believe it is really important to ensure that you feel confident in trusting me with such an important occasion. The best way to get to know me properly is to either book a no-obligation meeting or a Zoom chat to find out more. You are welcome to arrange this at your convenience via my Calendly booking system, which you can find on my website.

How do I book?

Once we have spoken and agreed on your chosen package, I will email you a link to your online invoice, contract and questionnaire. In order to secure your booking, I ask for a 25% deposit, with the balance due six weeks before your wedding. I offer interest-free payment plans too!

How long will you stay for?

If you have booked a full-day package, I will start at an agreed time for the bridal prep, depending on the ceremony start time, and finish after the first dance at around 8.30pm. I take a short break whilst everyone eats to back up my memory cards, eat, and have a moment to myself.

Should we provide refreshments?

Food is very much appreciated for bookings over 4.5 hours. It saves me from leaving the venue to find a meal and means I don't miss any important events, such as the speeches. Whilst I make sure to photograph the plates of food, I avoid taking photos of people eating. When guests sit down to their meal, I take a break to refuel, then carry on to make sure I don't miss any important moments.

Are travel expenses included?

I include reasonable travel expenses with all my packages. This means a 60-minute commute from where I live in Somerset. My bookings sometimes take me further afield, and I am happy to discuss this on an individual basis.

Do you offer any extras?

While my standard packages outline what I offer, I take pride in being highly flexible and regularly create bespoke quotes for my clients. Extras include, but are not limited to:

- Second photographer
- Extra time (booked in advance)
- Extra time (requested on the day)
- Additional photography products, including folio boxes, wall art and albums
